

MINNESOTA

We can accept new and gently used books in good condition for children of all ages. This may include board books, picture books, and chapter books.

We cannot accept books that:

- Have religious themes, including holiday books
- Contain violence
- Promote unhealthy habits
- Feature outdated or inappropriate themes
- Textbooks/workbooks and reference books

(outdated)

(religious)

(holiday)

(visibly worn and damaged)

Books that don't meet these qualifications and books that are visibly damaged or are otherwise in poor condition are a drain on the resources of our small non-profit. **If you wouldn't give this book as a gift to a child in your life, then please find another home for it.**

Thank you for helping share the brain-building power of books with children across Minnesota.
